Incomplete houses, part of stalled municipal development of 1000 houses. The allocation was made in 1998, building started in 2003. Officials and a politician gave various reasons for the stalling of the scheme: shortage of water, theft of materials, problems with sewerage disposal, problems caused by the high clay content of the soil and a shortage of funds. By August 2006 420 houses had been completed. Lady Grey, Eastern Cape. 5 August 2006
